Necessity to Provide Facilities-Based and)

Telecommunications within the State of South)	
Carolina.)	

This matter comes before the Public Service Commission of South Carolina (“the Commission”) by way of a letter on behalf of Broadstreet Communications, Inc. (“Broadstreet” or the “Company”) to cancel its Certificate of Public Convenience and Necessity to provide resold and facilities-based local exchange and intrastate interexchange telecommunications services within the State of South Carolina. A review of the docket file reveals that authority was granted to Broadstreet by Order No. 2000-579, dated July 20, 2000.

By letter dated December 14, 2001, Broadstreet advised the Commission that the Company had ceased all telecommunications operations nationwide effective December 7, 2001, and was requesting cancellation of its Certificate to provide these services in South Carolina. Further, the letter advises the Commission that Broadstreet does not currently operate any facilities in South Carolina; therefore, no customers would be affected by this request.

As Broadstreet has ceased operations as a reseller of facilities-based local exchange and intrastate interexchange telecommunications services, and as Broadstreet has no customers in South Carolina, the Commission finds and concludes that the request to cancel the Company's Certificate should be granted.

IT IS THEREFORE ORDERED THAT:

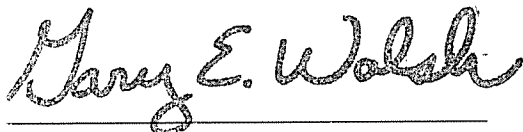

1. The Certificate of Public Convenience and Necessity to provide intrastate interexchange, local exchange, and exchange access telecommunications services granted to Broadstreet Communications, Inc., authorized by Order No. 2000-579, dated July 20, 2000, issued in the instant Docket is hereby cancelled.

2. This Order shall remain in full force and effect until further Order of the Commission.
